## Report of Contributions

Contribution ID: 1

Type: **not specified**

## Spin probes

**Presenter:** Prof. LIPS, Klaus (Helmholtz-Zentrum Berlin)

**Session Classification:** Lectures

Contribution ID: 2

Type: **not specified**

## Quantum nanophotonics

**Presenter:** Prof. BENSON , Oliver

**Session Classification:** Lectures

Contribution ID: 3

Type: **not specified**

## Spin dynamics/spin waves

**Presenter:** Dr HILLEBRANDS, Burkard (Department of Physics and Research Center OPTIMAS, TU Kaiserslautern)

**Session Classification:** Lectures

Contribution ID: 5

Type: **not specified**

## Ctvrteční Testovací Session

*Thursday, 29 April 2021 12:00 (1 hour)*

**Session Classification:** Schůzka 29.4.2021

Contribution ID: 6

Type: **not specified**

## **Nano-optics / Plasmonics**

**Presenter:** Prof. KRENN, Joachim

**Session Classification:** Lectures

Contribution ID: 7

Type: **not specified**

## Surfaces for magnetoelectronics

**Presenter:** Prof. GAMBARDELLA, Pietro

**Session Classification:** Lectures

Contribution ID: 8

Type: **not specified**

## **Functional and smart materials for electronic and microelectromechanical systems (MEMS)**

**Presenter:** Prof. RIJNDERS, Guus

**Session Classification:** Lectures

Contribution ID: 9

Type: **not specified**

## School kick off

**Presenter:** Dr FEJFAR, Antonín (Institute of Physics, Czech Academy of Sciences)

**Session Classification:** School organization
