

21st IUVSTA Summer School on Physics at Nanoscale

Monday, 3 June 2024 - Friday, 7 June 2024

Skalský Dvůr

Scientific Programme

Topics

Electronics

- Semiconductors for modern electronic devices
- Chips at automotive industry

Optoelectronics and nanophotonics

Functional optoelectronic thin films
Nanophotonics, plasmonics

Photovoltaics

Photovoltaics, future energy systems
Advanced Solar Cells
Photovoltaic production in Europe

Magnetism, spintronics and quantum technologies

Spintronics

Bionanosciences
